

Making the Difference for Disadvantaged Pupils

26th October 2023 – 13th March 2024

The gap may have widened, but the link between family income and educational attainment can be broken.

Join us on our highly innovative 5 module programme where we explore the following questions:

- **What does the evidence say about how disadvantaged learners make progress?**
- **How can we respond to the disadvantaged gap in light of the pandemic?**
- **What does your school need to focus on to make the biggest impact?**
- **How can the Pupil Premium Strategy drive your school's improvement?**

This programme seeks to explore practical, evidence informed approaches for closing the poverty-related attainment gap. Engaging with the best available evidence on high quality teaching, targeted academic support and school-wide approaches, you will develop and implement a Pupil Premium strategy fit for your setting so that all pupils can flourish.

Throughout the 5 modules you will receive:

- The tools needed to provide an honest and robust self-evaluation of your current provision
- Knowledge and support to help shape a school specific focus for your development
- Strategies to Implement a purposeful Pupil Premium Strategy and evaluate its impact effectively
- Information to make evidence informed decisions about improving teaching and learning
- Support to develop a quality assured framework for Pupil Premium Reviewers
